I think today is out because a lot of them have to do a COOP exercise. Do you have any availability tomorrow?

Hi Victor and Dania,

I know you are both out of the office, and am trying to get this briefing scheduled for Suzanne. Would you be able to participate in a briefing by phone? Please let me know.

No problem. Should the briefing for Suzanne be only the enforcement parts, or technical parts as well? Please let me know and I will work with Diane Moon to schedule something.

Thanks,

Thanks. I think Suzanne would like a pre-briefing in light of the enforcement component. Amelia, would you mind getting that scheduled?

This briefing is informational due to the proximity of this site to the proposed Dewey burdock mine. The preliminary assessment is to be released at the end of September, the results of the prp search are to be presented during the briefing.

Victor.

Hi Victor. Can you let me know what is up on this matter? I see that a briefing is scheduled for the RA. Will you be needing information regarding enforcement issues, PRPs? Thanks.
